***Subject** Letter no 277 dated the 30 Oc-
tober 1902 from the Dy: Commissioner of
the Nagpore District in regard to the
retention in the D.F. Budget of French Rocks
for the current year, the provision of Rs 2415 mad
by the President for certain D.F. Road repairs.

Note

In the D.F. Budget of the
French Rocks Circle for the current year
an increased provision of Rs 2415 had been
proposed for the increased rates of mileage allotments of
certain D.F. Roads in the Sub-Division.
This amount and the proportionate establish-
ment charges of Rs 423 were ~~not~~ disallowed when framing the Budget, as no
increase that had not sanctioned by Govt should be
~~to reserve a fair working balance for~~ the
inserted in the annual Budget
~~next~~ year. At the instance of the Exe-
cutive Engineer, ~~Nagpore~~, the Board urged
the necessity for the increased provision for
road repairs. (Vide letter no 245 of 22nd May'02 3)
no 2~~4~~ para 5 of G.P. no 16757 of 14.3.02 and the
13.6.02
2. Thereupon it

that the closing balance as per budget already sanctioned fell short of the prescribed minimum of a fourth of the receipt and the President was asked to propose a re-appropriation of funds for the purpose from the sanctioned grants, unless the actual opening balance at the beginning of the year rendered a separate provision for the charge possible without reducing the closing balance. (Vide Docket no 1981 of 20.6.'07 - serial no 5).

2. The President reports, in reply, that as ascertained from the Comptroller the actual opening balance in favour of the board is Rs 10,689 and that accordingly it is quite possible to provide for the increased rate of road-repair and maintain a credit balance at the end of the year as detailed below:

Opening balance as ascertained from the Comptroller -	10,689
Receipts -	42681
Total	53370
Expenditure -	38,962
Balance -	14,408
Deduct amount required for road repairs -	2830

3. Submitted for orders with draft as to whether the amount (Rs 2038) disallowed in the budget on account of scarcity of funds may be sanctioned and the President asked to expedite the submission of a Supplemental Budget providing for the charge.

Proceedings of the District Fund Board of the French Rocks circle at a meeting held on the 15th May 1902.

* * * *

Read:- Government Proceedings no. 15151-6 / 2.7.6-1902 dated 14th March 1902 sanctioning the District Fund Buget of this circle for 1902-1903.

The Executive Engineer points out that the amount of Rs 2415 dis-allowed by government in the concluding portion of para 5 of the above proceedings is not an increase as therein observed, but represents the difference between the usual annual provision (of Rs 22990) for road repairs and the temporarily reduced allotment (Rs 18180) sanctioned for the current year to enable the Board to revive its sinking finance; and that it is absolutely necessary to spend the dis-allowed amounts on the roads to maintain them ~~in~~ in passable condition.

Resolution:- As the Board agrees with the

The views of the Executive Engineer, Government may be requested to sanction the disallowed amount of Rs 2415 in the circumstances explained above together with Rs 423 being the Establishment charge on the said amount. The cost of tools and plant not having been reduced in the aforesaid Government Proceedings no sanction is needed for the proportionate cost of these
